

Mission 28,500 MW:  
Powering Nepal, Energizing the Region

# POWER SUMMIT 2025

**15-16 OCTOBER, 2025**

The Soaltee, Kathmandu

**1000+**  
PARTICIPANTS

**30+**  
COUNTRIES

**10+**  
SESSIONS

**B2B**  
MEETINGS

**25000 MW**  
PROJECT SHOWCASE

**WORKSHOPS & PROJECT VISITS**

**NEPAL'S LARGEST POWER SECTOR EVENT**

The Independent Power Producers' Association, Nepal (IPPAN) is pleased to announce its flagship event, the "Power Summit 2025," which will be held on 15th and 16th October 2025. This year's theme, "Mission 28,500 MW, Powering Nepal, Energizing the Region," reflects IPPAN's commitment to advancing the energy sector. Since its inception in 2006, IPPAN has organized the Power Summit in every two years, and this will be the 9th edition of the prestigious event, taking place in Kathmandu.

The Power Summit serves as a key platform for promoting renewable energy, fostering a collaborative business environment, and offering valuable insights into the latest technologies, policies, and energy-related developments. It attracts a diverse range of participants, including policymakers, politicians, national & international experts, academia, national & international Government representatives, all the stakeholders, manufacturers, suppliers, consultants, financial institutions, banking and insurance companies, national & international vendors, contractors, construction companies etc. all coming together to explore innovative solutions and opportunities for growth in the energy sector.

**18-19 April 2023**

**21-22 November 2019**

List of Power Summits		
S.No.	Dates	Slogan
1	7-8 Sept 2006	Powering Opportunities
2	17-18 Sept 2007	Powering Opportunities
3	23-24 Sept 2008	Harnessing Power
4	14-15 March 2012	Hydropower Summit
5	26-27 August 2013	Hastening the pace of Hydropower Development
6	15-16 December 2016	10000 MW in 10 Years
7	21-22 November 2019	Powering the Asian Century
8	18-19 April 2023	Broadening Green Energy Markets

## SPONSORSHIP PLAN

# Power Summit 2025

(Draft Agenda)

## Theme: Mission 28,500 MW: Powering Nepal, Energizing Region

Date : 15-16 October, 2025  
Venue : The Soaltee, Kathmandu

### Day 1 : October 15, 2025- Strategic Vision and Partnerships

#### Inaugural Session (9:00 – 11:00)

- 8:00 – 9:00 | Registration & Reception
- 9:00 – 9:05 | Welcome Remarks – President, IPPAN
- 9:05 – 9:10 | Remarks – Hon. Minister of Energy, Government of Nepal
- 9:10 – 9:20 | Keynote Address – “Mission 28,500 MW: From Vision to Reality”
- 9:20 – 9:30 | Remarks – Secretary, MoEWRI / NEA / ERC
- 9:30 – 9:40 | Address – Hon. Minister of Power, Government of India
- 9:40 – 9:50 | Address – Hon. Minister of Energy, Government of Bangladesh
- 9:50 – 10:00 | Address – VP, IFC / World Bank Group
- 10:00 – 10:20 | Inaugural Address – Rt. Hon. Prime Minister of Nepal
- 10:20 – 11:00 | Group Photo & Networking Tea

#### Session I: Policy & Regulation for 28,500 MW

- Open Access, Power Trading, Licensing Reform
- Institutional roles: MoEWRI, NEA, DoED, ERC
- Enabling policies for domestic and export markets

#### Session II: Financing Nepal’s Energy Future

- Domestic investment capacity and banking system
- Foreign direct investment and climate finance
- Role of HIDCL, Green Bonds, and blended finance models

#### Session III: Regional Power Trade and Market Integration

- Bilateral/trilateral trade mechanisms
- Cross-border transmission projects
- Harmonizing regulations and building confidence

#### Session IV: Domestic Demand, Consumption & Distribution

- Enhancing industrial demand
- Electrification of transport and agriculture
- Reducing import dependency through reliable supply

#### Session V: Sustainability, Climate Risk & Resilience

- GLOFs, cloudbursts, changing rainfall patterns
- Climate-resilient design and planning
- Environmental and social safeguard strategies

# Power Summit 2025

(Draft Agenda)

## **Special Diplomatic Session: Enabling Regional Energy Cooperation**

- Insights from Ambassadors of Neighboring, Regional, and Energy-Engaged Nations
- Participation from various involved countries of energy sector.
- Diplomacy for energy trade, investment, and trust building
- Moderated discussion

## **Day 2 : October 16, 2025- Innovation, Investment & Sustainability**

### **Session VI: ESG and Sustainable Infrastructure**

- ESG integration into infrastructure
  - Community benefit sharing
  - Aligning with international sustainability standards
- 10:15 – 10:30 | Tea Break

### **Session VII: Project Showcase – Driving the Mission**

- Key hydropower project highlights
- Developer experiences
- Fast-track projects and innovation in execution

### **Session VIII: Technical Innovations in Energy Sector**

- Smart grids, digital tools
- AI and GIS in hydro
- Storage and climate adaptation tech

### **Session IX: Private Sector in Transmission Development**

- PPP models for transmission
- Private sector engagement
- Cross-border coordination

### **Session X: Renewable Energy Beyond Hydropower**

- Scaling solar, wind, hybrid models
- Grid integration and storage
- Hydrogen energy prospects

### **Summit Wrap-up and Closing Remarks**

- Reflections and next steps
- Announcements
- Vote of Thanks

## INDEPENDENT POWER PRODUCERS' ASSOCIATION, NEPAL (IPPAN)

### TITLE ORGANIZER

- A member-based, not-for-profit, Non-Government and autonomous organization of Private Sector Energy developers with current member base of 569.
- Nepal's one of the largest investment hub of energy sector
- Has been instrumental in advocating for private sector investment-friendly acts, policies, regulations, and their prompt and effective implementation.
- Conducts advocacy programs, lobbying for regulations/policy tools to create and promote private sector friendly investment policies.
- Takes proactive steps and measures to meaningfully engage the line government agencies to make sure the private sector voices and concerns are appropriately heard of and adequately addressed in the government acts, policies, and regulations right during their formulations.
- Helps the GoN through sharing expertise, and know-how to hasten the pace of energy sector development in the country.

### Key Figures - Energy Sector of Nepal (Hydropower)

Operation	:	<b>3623 MW</b>	Under Study	:	<b>6000 MW</b>
Under Construction	:	<b>4288 MW</b>	Dedicated Export	:	<b>15000 MW</b>
Ready for Construction	:	<b>17269 MW</b>	Total Potential	:	<b>200,000 MW</b>
Waiting for PPA	:	<b>13000 MW</b>
